Independent Auditor's Report

MADISON PARISH SHERIFF Tallulah, Louisiana

I have audited the basic financial statements of the Madison Parish Sheriff, a component unit of the Madison Parish Police Jury, as of June 30, 2005, and for the year then ended, as listed in the table of contents. These financial statements are the responsibility of the Madison Parish Sheriff's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the basic financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Madison Parish Sheriff as of June 30, 2005, and the changes in its financial position for the year then ended, in conformity with U.S. generally accepted accounting principles.

As described in Note 1 to the financial statements, the sheriff has implemented a new financial reporting model, as required by the provisions of GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis---for State and Local Governments*, as of June 30, 2004.

Management's discussion and analysis, and supplementary information on pages 6 through 10 and 33 through 35, respectively are not a required part of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information and reviewing the source of selected information. However, I did not audit the information and express no opinion on it.

MADISON PARISH SHERIFF Tallulah, Louisiana Independent Auditor's Report, June 30, 2005

My audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements of the Madison Parish Sheriff. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, I have also issued a report dated September 6, 2005, on my consideration of the Madison Parish Sheriff's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of my audit.

West Monroe, Lbuisiana

REQUIRED SUPPLEMENTARY INFORMATION PART I

MADISON PARISH SHERIFF Tallulah, Louisiana

Management's Discussion and Analysis June 30, 2005

As management of the Madison Parish Sheriff, I offer readers of the Madison Parish Sheriff's financial statements this narrative overview and analysis of the financial activities of the Madison Parish Sheriff for the fiscal year ended June 30, 2005. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

Overview of the Financial Statements

This Management Discussion and Analysis document introduces the Sheriff's basic financial statements. The annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities (Government-wide Financial Statements) provide information about the financial activities as a whole and illustrate a longer-term view of the Sheriff's finances. The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Fund (Fund Financial Statements) tell how these services were financed in the short term as well as what remains for future spending. Fund Financial Statements also report the operations in more detail than the Government-Wide Financial Statements by providing information about the most significant funds. This report also contains other supplementary information in addition to the basic financial statements themselves.

Our auditor has provided assurance in her independent auditor's report that the Basic Financial Statements are fairly stated. The auditor, regarding the Required Supplemental Information and the Supplemental Information is providing varying degrees of assurance. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts in the Financial Section.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Madison Parish Sheriff's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the Madison Parish Sheriff's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Madison Parish Sheriff is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise

to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (for example, earned, but unused, sick leave).

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Madison Parish Sheriff, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Madison Parish Sheriff can be divided into two categories: governmental funds and fiduciary (agency) funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Madison Parish Sheriff maintains 6 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, and the Detention Center special revenue fund, which are considered to be a major funds. Data from the other funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining schedules in the other supplemental information section of the report.

The Madison Parish Sheriff adopts an annual appropriated budget for the general fund and the special revenue funds. A budgetary comparison statement is provided for the major funds to demonstrate compliance with this budget.

Fiduciary funds. Fiduciary (agency) funds are used to account for resources held for the benefit of parties outside the government. Since these resources are not available to support the Madison Parish Sheriff's programs, Fiduciary (agency) funds are not reflected in the government-wide financial statement.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information in addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Madison Parish Sheriff's performance.

The combining schedules for nonmajor governmental funds are presented immediately following the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, assets of the Madison Parish Sheriff exceeded liabilities by \$3,786,084. The largest portion of the Madison Parish Sheriff's net assets reflects its investment in capital assets. These assets are not available for future spending.

The balance in unrestricted net assets is affected by two factors: 1) resources expended, over time, by the Madison Parish Sheriff to acquire capital assets from sources other than internally generated funds (i.e., debt), and 2) required depreciation on assets having been included in the statement of net assets.

STATEMENT OF NET ASSETS

	2004	2005
ASSETS		
Cash and cash equivalents	\$1,101,940	\$1,817,268
Investments	1,411,148	1,439,925

Financial Analysis of the Government's Funds

As noted earlier, the Madison Parish Sheriff uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the governmental funds is to provide information on

near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2005, combined governmental fund balances of \$3,182,786 showed an increase of \$468,991 over June 30, 2004. The General Fund's portion of the unreserved, undesignated fund balance of \$2,114,313 shows an increase (of approximately \$246,327) from the prior year amount. The Detention Center portion or the unreserved, undesignated fund balance of \$882,930 shows an increase (of approximately \$186,199) from the prior year amount.

General Fund and Major Fund Budgetary Highlights

Differences between expenditures of the original budget and the final budget for the General Fund were due primarily to an increase in materials and supplies and capital outlay. The difference in revenues in the general fund were due to increases in anticipated state and local grants, fees, charges and commissions, and use of money and property.

In the Detention Center, the original budget differed from the final budget due to an increase in revenues for use of money and property. Differences in expenditures were due to an increase in anticipated capital outlay.

Capital Asset and Debt Administration

Capital assets. The Madison Parish Sheriff's investment in capital assets for its governmental activities as of June 30, 2005, amounts to \$603,298 (net of accumulated depreciation). This investment includes buildings, furniture, and equipment. The increase in capital assets for the year was \$132,958, the majority of which was attributable to the purchase law enforcement vehicles.

Long-term debt. At the end of the fiscal year, Madison Parish Sheriff had no debt outstanding.

Requests for Information

This financial report is designed to provide a general overview of the Madison Parish Sheriff's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Madison Parish Sheriff, Courthouse Building, Tallulah LA 71282.

September 6, 2005

MADISON PARISH SHERIFF Tallulah, Louisiana

Reconciliation of Governmental Funds Statement of Revenue, Expenditures, and Changes in Fund Balances to the Statement of Activities

For the Year Ended June 30, 2005

Total net change in fund balances - governmental funds (Statement E)

\$468,991

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeds depreciation in the period.

(84,656)

Governmental funds do not report gain or loss on disposition of assets. In the Statement of Activities, loss on disposition of assets decreased when the asset is disposed.

(22,672)

Change in net assets of governmental activities (Statement B)

\$361,663

MADISON PARISH SHERIFF Tallulah, Louisiana

Notes to the Financial Statements As of and For the Year Ended June 30, 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the sheriff serves a four year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The sheriff also administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, serving subpoenas, et cetera. As the ex-officio tax collector of the parish, the sheriff is responsible for the collection and distribution of ad valorem property taxes, parish occupational licenses, state revenue sharing funds, sportsmen licenses, and fines, costs, and bond forfeitures imposed by the district court.

The sheriff has the responsibility for enforcing state and local laws, ordinances, et cetera, within the territorial boundaries of the parish. The sheriff provides protection to the residents of the parish through on-site patrols, investigations, et cetera, and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. Additionally, the sheriff, when requested, provides assistance to other law enforcement agencies within the parish.

The accompanying financial statements of the Madison Parish Sheriff have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis for State and Local Governments. Certain of the significant changes in the Statement include the following:

For the first time the financial statements include:

A Management Discussion and Analysis (MD&A) section providing an analysis of the Sheriff's overall financial position and results of operations.

Financial statements prepared using full accrual accounting for all of the Sheriff's activities.

Tallulah, Louisiana
Notes to the Financial Statements (Continued)

These and other changes are reflected in the accompanying financial statements (including notes to financial statements).

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Madison Parish Police Jury is the financial reporting entity for Madison Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Madison Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial responsibility. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and:
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
- 2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
- Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury maintains and operates the parish courthouse in which the sheriff's office is located and provides partial funding for equipment, furniture and supplies of the sheriff's office, the sheriff was determined to be a component unit of the Madison Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the sheriff and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the Madison Parish financial reporting entity.

Tallulah, Louisiana Notes to the Financial Statements (Continued)

B. BASIC FINANCIAL STATEMENTS - GOVERNMENT-WIDE STATEMENTS

The sheriff's basic financial statements include both government-wide (reporting the sheriff as a whole) and fund financial statements (reporting the sheriff's major fund). Both government-wide and fund financial statements categorize primary activities as either governmental or business type. All activities of the sheriff are classified as governmental.

The Statement of Net Assets (Statement A) and the Statement of Activities (Statement B) display information about the reporting government as a whole. These statements include all the financial activities of the sheriff, except for fiduciary funds. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

In the Statement of Net Assets, governmental activities are presented on a consolidated basis and are presented on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term obligations. Net assets are reported in three parts; invested in capital assets, net of any related debt; restricted net assets; and unrestricted net assets.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

Program Revenues - Program revenues included in the Statement of Activities (Statement B) are derived directly from parties outside the sheriff's taxpayers or citizenry. Program revenues reduce the cost of the function to be financed from the sheriff's general revenues.

Allocation of Indirect Expenses - The sheriff reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

C. BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS

The financial transactions of the sheriff are reported in individual funds in the fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial

Tallulah, Louisiana
Notes to the Financial Statements (Continued)

management by segregating transactions related to certain government functions or activities. Fund financial statements report detailed information about the sheriff. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

A fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Funds are classified into three categories; governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types". Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. Fiduciary funds are used to account for assets held for others. The sheriff's current operations require the use of only governmental and fiduciary funds. The governmental and fiduciary fund types used by the sheriff are described as follows:

Governmental Fund Types

General Fund - The General Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the sheriff and is used to account for the operations of the sheriff's office. The various fees and charges due to the sheriff's office are accounted for in this fund. General operating expenditures are paid from this fund.

Special Revenue Funds - The Special Revenue Funds are used to account for the proceeds of specific revenue sources such as grants and state and parish funds for maintaining state and parish prisoners. Those revenues are restricted to expenditures for specified purposes.

Fiduciary Fund Type - Agency Funds

The agency funds are used as depositories for civil suits, cash bonds, taxes, fees, et cetera. Disbursements from the funds are made to various parish agencies, litigants in suits, et cetera, in the manner prescribed by law. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

D. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made regardless of the measurement focus applied.

Tallulah, Louisiana Notes to the Financial Statements (Continued)

1. Accrual:

Both governmental and business type activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Governmental funds and the fiduciary type agency funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The sheriff considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis and attach as an enforceable lien and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1993 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December, January, and February of the fiscal year.

Intergovernmental revenues and fees, charges, and commissions for services are recorded when the sheriff is entitled to the funds.

Tallulah, Louisiana Notes to the Financial Statements (Continued)

Interest income on time deposits is recorded when the time deposits have matured and the income is available.

Substantially all other revenues are recognized when received by the sheriff.

Based on the above criteria, intergovernmental revenue and fees, charges, and commissions for services are treated as susceptible to accrual.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

E. CASH AND CASH EQUIVALENTS

Under state law, the sheriff may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2005, the sheriff has cash and equivalents (book balances) totaling \$2,070,954 as follows:

Demand deposits	\$2,068,354
Petty cash	2,600
Total	<u>\$2,070,954</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Cash and cash equivalents (bank balances) at June 30, 2005, are secured as follows:

Bank balances	<u>\$1,870,244</u>
Federal deposit insurance	\$294,856
Pledged securities (uncollateralized)	4,672,468
Total	<u>\$4,967,324</u>

Because the pledged securities are held by a custodial bank in the name of the fiscal agent bank rather than in the name of the sheriff, they are considered uncollateralized (Category 3) under the provisions of GASB Codification C20.106; however, Louisiana Revised Statute 39:1229

Tallulah, Louisiana Notes to the Financial Statements (Continued)

imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the sheriff that the fiscal agent has failed to pay deposited funds upon demand. Further, LRS 39:1224 states that securities held by a third party shall be deemed to be held in the sheriff's name.

F. INVESTMENTS

Investments held at June 30, 2005 consist of \$1,450,487 in the Louisiana Asset Management Pool (LAMP), a local government investment pool. In accordance with GASB Codification Section 150.126, the investment in LAMP at June 30, 2005 is not categorized in the three risk categories provided by GASB Codification Section 150.125 because the investment is in the pool of funds and therefore not evidenced by securities that exist in physical or book entry form.

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LSA - R.S. 33:2955. Accordingly, LAMP investments are restricted to securities issued, guaranteed, or backed by the U.S. Treasury, the U.S. Government, or one of its agencies, enterprises, or instrumentalities, as well as repurchase agreements collateralized by those securities.

Effective August 1, 2001, LAMP's investment guidelines were amended to permit the investment in government-only money market funds. In its 2001 Regular Session, the Louisiana Legislature (Senate Bill No. 512, Act 701) enacted LSA - R.S. 33:2955(A)(1)(h) which allows all municipalities, parishes, school boards, and any other political subdivisions of the State to invest in "investment grade (A-1/P-1) commercial paper of domestic United States corporations." Effective October 1, 2001, LAMP's Investment Guidelines were amended to allow the limited investment in A-1 or A-1+ commercial paper.

The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

Tallulah, Louisiana Notes to the Financial Statements (Continued)

G. CAPITAL ASSETS

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The sheriff maintains a threshold level of \$1000 for capitalizing capital assets.

Capital assets are recorded in the GWFS, but are not reported in the FFS. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes by the sheriff, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	Estimated Lives
Buildings	20 - 40 years
Furniture and fixtures	5 - 10 years
Vehicles	5 - 15 years
Equipment	5 - 20 years

H. RISK MANAGEMENT

The sheriff is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets and errors and omissions. To handle such risk of loss, the sheriff maintains commercial insurance policies covering his automobiles and surety bond coverage. No claims were paid on any of the policies during the past three years which exceeded the policies' coverage amounts. There were no significant reductions in insurance coverage during the year ended June 30, 2005.

I. VACATION AND SICK LEAVE

All employees are granted from one to two weeks of vacation leave each year, depending on length of service. Vacation leave must be taken in the year granted and may not be accumulated and carried forward to succeeding years. Sick leave is granted on a case-by-case basis, at the discretion of the sheriff.

2. RECEIVABLES

The receivables of \$224,017, at June 30, 2005, are as follows:

Tallulah, Louisiana

Notes to the Financial Statements (Continued)

	General	Detention	Non Major	
Class of receivables:	Fund	<u>Center</u>	Funds	Total
Sales tax	\$101			\$101
Intergovernmental revenues:

3. CHANGES IN GENERAL FIXED ASSETS

A summary of changes in office furnishings and equipment for the year ended June 30, 2005, follows:

	Beginning Balance	Adjustments	Additions	Deletions	Ending Balance
General Fund					
Vehicles	\$865,492	(\$27,761)	\$87,646	(\$142,158)	\$783,219
Equipment	373,605	(120,160)	16,815	(16,568)	253,692
Sub-total General					
Fund	1,239,097	(147,921)	104,461	(158,726)	1,036,911
Detention Center:					
Buildings	23,703				23,703
Furniture and					
equipment	288,590	(43,701)	28,497	(12,096)	261,290
Sub-total		-			
Detention Center	312,293	(43,701)	28,497_	(12,096)	284,993
Total assets	\$1,551,390	(\$191,622)	\$132,958	(\$170,822)	\$1,321,904

A summary of assets net of accumulated depreciation follows:

Total assets	_\$1,321,904
Prior year accumulated depreciation	(671,812)
Current year depreciation	(217,615)
Depreciation on deletions	170,821
Net capital assets	\$603,298

Tallulah, Louisiana
Notes to the Financial Statements (Continued)

The beginning balance has been adjusted due to the sheriff changing his capitalization policy to \$1,000.

4. PENSION PLAN

Substantially all employees of the Madison Parish Sheriff's office are members of the Louisiana Sheriff's Pension and Relief Fund (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

All sheriffs and all deputies who are 18 years or older at the time of original employment, who earn not less that \$400 per month if employed after September 4, 1979 and before January 1, 1991; \$550 if employed between January 1, 1991 and December 31, 1999; and \$800 if employed after January 1, 2000 are required to participate in the System. Employees are eligible to retire at or after age 55 with at least 12 years of credited service and receive a benefit, payable monthly for life, equal to 3.33 percent of their final-average salary for each year of credited service. The retirement benefit cannot exceed 100 per cent of their final-average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination as indicated previously. Employees who terminate with at least 20 years of credited service are also eligible to elect early benefits between ages 50 and 55 with reduced benefits equal to the actuarial equivalent of the benefit to which they would otherwise be entitled at age 55. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Sheriffs Pension and Relief Fund, 6554 Florida Blvd., Suite 215, Baton Rouge, Louisiana 70806, or by calling (800) 586-9049.

Plan members are required by state statute to contribute 9.8 percent of their annual covered salary and the Madison Parish Sheriff is required to contribute at an actuarially determined rate. The current rate is 9.75 percent of annual covered payroll. Contributions to the System also include one-half of one percent of the taxes shown to be collectible by the tax rolls of each parish and funds as required and available from insurance premium taxes. The contribution requirements of plan members and the Madison Parish Sheriff are established and may be amended by state statute. As provided by Louisiana Revised Statue 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Madison Parish Sheriff's contributions to the System for the years ended June 30, 2005, 2004, and 2003 were \$243,862, \$226,877, and \$168,466, respectively, equal to the required contributions for each year.

Tallulah, Louisiana
Notes to the Financial Statements (Continued)

5. POST RETIREMENT BENEFITS

The Madison Parish Sheriff provides certain health care and life insurance benefits for retired employees. Substantially all of the sheriff's employees become eligible for these benefits if they reach normal retirement age while working for the sheriff's office. These benefits for retirees and similar benefits for active employees are provided through an insurance company whose monthly premiums are paid jointly by the employee and the sheriff. Three retirees are eligible for the post-retirement benefits and all participate. The sheriff recognizes the cost of providing these benefits (the sheriff's cost of premiums) as an expenditure when the monthly premiums are due, which was \$399,432 for the year ended June 30, 2005. Of that amount, \$25,034 was for retiree benefits.

6. DUE FROM/TO OTHER FUNDS

Individual balances due from/to other funds at June 30, 2005, are as follows:

	Due To	Due From
General Fund		
Criminal Fund		\$209
Law Enforcement Block Grant		12,327
Special Revenue Funds - Law Enforcement Block Grant	\$12,327	
Agency Fund - Criminal Fund	209	
Total	\$12,536	\$12,536

7. CHANGES IN AGENCY FUND BALANCES

A summary of changes in agency fund balances due to taxing bodies and others follows:

	Tax Collector Fund	Civil Fund	Criminal Fund	Inmate Funds	Work Release Fund	Special Asset Forfeiture Fund	Total
Balance at June 30, 2004	\$8,770	\$3,800	\$156,586	\$60,708	\$34,663	\$12,961	\$277,488
Additions	4,208,138	474,337	1,023,925	550,003	234,415	188	6,491,006
Reductions	(4,203,924)	(474,209)	(1,094,877)	(556,188)	(175,257)	NONE_	(6,504,455)
Balance at June 30, 2005	\$12,984	\$3,928	\$85,634	\$54,523	\$93,821	\$13,149	\$264,039

8. LITIGATION AND CLAIMS

At June 30, 2005, the Madison Parish Sheriff is involved in several lawsuits. In the opinion of the sheriff's legal counsel, the outcome will not materially affect the financial statements.

Tallulah, Louisiana

Notes to the Financial Statements (Continued)

9. EXPENDITURES OF THE SHERIFF'S OFFICE PAID BY THE PARISH POLICE JURY

The Madison Parish Sheriff's office is located in the parish courthouse. The cost of maintaining and operating the courthouse, as required by Louisiana Revised Statute 33:4715, is paid by the Madison Parish Police Jury.

10. GRANT PROGRAMS

The Madison Parish Sheriff participates in various grant programs funded by the state and federal governments. The following schedule provides selected information on various grants for the year ended June 30, 2005.

FEDERAL GRANTOR/ PASS-THROUGH GRANTOR/ PROGRAM NAME	CFDA NUMBER	PASS THROUGH GRANT NUMBER	EXPENDITURES

MADISON PARISH SHERIFF Tallulah, Louisiana

NOTE TO BUDGETARY COMPARISON SCHEDULE For the Year Ended June 30, 2005

Proposed budgets, prepared on the modified accrual basis of accounting, for the General Fund and the Special Revenue Funds are published in the official journal at least ten days prior to the public hearing. A public hearing is held at the Madison Parish Sheriff's office during the month of June for comments from taxpayers. The budgets are then legally adopted by the sheriff and amended during the year, as necessary. The budgets are established and controlled by the sheriff at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying budgetary comparison schedule include the original adopted budget amounts and all subsequent amendments.

OTHER SUPPLEMENTARY INFORMATION PART III

MADISON PARISH SHERIFF Tallulah, Louisiana SUPPLEMENTAL INFORMATION SCHEDULES For the Year Ended June 30, 2005

NON MAJOR FUNDS

LOUISIANA LAW ENFORCEMENT GRANT FUND

The Louisiana Law Enforcement Grant Fund consists of a federal grant from the United States Department of Justice passed through the Louisiana Commission on Law Enforcement and Administration of Criminal Justice, and local matching grants. The purpose of the fund is to increase the apprehension, prosecution, adjudication, detention, rehabilitation, eradication, and treatment of persons who violate state and local laws relating to the production, possession, and transfer of controlled substances.

GRANT FUND

The Grant Fund consists of state grants from the Louisiana Commission on Law Enforcement and public donations. The grant and donations are used to reduce illegal drug use among youth through educational programs.

CONCESSIONS FUNDS

The Concessions Funds accounts for the purchase and resale of personal items to the inmates at the detention center and jail.

INMATE WELFARE FUND

The Inmate Welfare Fund accounts for mechanic sales earned by inmates. Forty percent of the earnings are transferred to the Inmate fund, while the remaining sixty percent is retained in the Inmate Welfare Fund, and used to meet the needs of inmates.

MADISON PARISH SHERIFF Tallulah, Louisiana SUPPLEMENTAL INFORMATION SCHEDULES As of and For the Year Ended June 30, 2005

FIDUCIARY FUND TYPE - AGENCY FUNDS

TAX COLLECTOR FUND

Article V, Section 27 of the Louisiana Constitution of 1974, provides that the sheriff will serve as the collector of state and parish taxes, licenses, and fees. The Tax Collector Fund is used to collect and distribute these taxes, licenses, and fees to the appropriate taxing bodies.

CIVIL FUND

The Civil Fund accounts for the collection of funds in civil suits, sheriff's sales, and garnishments. Payment of these collections to recipients are made in accordance with applicable laws.

CRIMINAL FUND

The Criminal Fund is a depository for fines, forfeitures, and costs in criminal cases. Payments are made from the fund to the Sheriff's General Fund, police jury, district attorney, clerk of court, and other recipients in accordance with applicable laws.

INMATE FUND

The Inmate Fund accounts for funds of inmates that are used for personal items purchased by the inmates at the concessions store located at the detention center.

WORK RELEASE FUND

The Work Release Fund accounts for inmate funds earned working outside of the detention center.

SPECIAL ASSET FORFEITURE FUND

The Special Asset Forfeiture Fund was established in compliance with Louisiana Revised Statute 40:2616 and consists of seized property and controlled substances that, if not rightfully claimed, is subject to forfeiture to law enforcement agencies that participated in the seizing process.

REPORTS REQUIRED BY GOVERNMENT AUDITING STANDARDS PART IV

Independent Auditor's Report Required by Government Auditing Standards

The following independent Auditor's report on compliance with laws, regulations and contracts, and internal control over financial reporting is presented in compliance with the requirements of *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*, issued by the Society of Louisiana Certified Public Accountants and the Louisiana Legislative Auditor.

Independent Auditor's Report on Compliance and Internal Control Over Financial Reporting

MADISON PARISH SHERIFF Tallulah, Louisiana

I have audited the basic financial statements of the Madison Parish Sheriff, a component unit of the Madison Parish Police Jury, as of and for the year ended June 30, 2005 and have issued my report thereon dated September 6, 2005. I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Madison Parish Sheriff's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Madison Parish Sheriff's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.

MADISON PARISH SHERIFF

Tallulah, Louisiana
Independent Auditor's Report on Compliance
And Internal Control Over Financial Reporting, etc.
June 30, 2005

This report is intended solely for the information and use of the Madison Parish Sheriff, management of the sheriff's office, interested state agencies, and the Louisiana Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties. Although the intended use of these reports may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
